

## Dr. Robinson Becomes Sixth Dean of College

Joplin Junior College begins the twenty-seventh academic year with its sixth dean. Dr. C. O. Robinson, former assistant professor of education and psychology at Kansas State College of Pittsburg, has succeeded Dr. Leon Billingsly who resigned to become director of Kellogg Community College in Battle Creek, Michigan.

Dean Robinson has worked with the University of Wyoming as co-ordinator of field projects at Sheridan Community College, a two-year facility about the size of Joplin Junior College. He then became co-ordinator of special projects for the University of Wyoming, in which position he served until 1961, when he obtained his doctor's degree in education and psychology. Before joining the faculty at K. S. C. last year, he served as director of extension classes at the University of Nevada.

The new Dean received a Bachelor of Science degree in secondary education, majoring in English, from Kansas State Teachers' College of Pittsburg. He was awarded a Master of Education degree in administration by that institution.

The Robinson family resides at 2918 East Sixteenth Street. Dr. and Mrs. Robinson have four children: Charles, 11; Nancy, 9; Dan, 8; and Teresa, 6.

Dr. Robinson arrived in mid-August to work with Dean Billingsly before his departure. The new Dean said that he came to Joplin Junior College because he thought he could do more for education here than in the position where he was.

## Home-coming To Begin Oct. 1

Home-coming week activities kick off October 1 with an afternoon assembly. That evening students will canvas Joplin gathering fuel for the traditional wood burning.

During the second day festivities, the cheerleaders will spark a pep rally, increasing excitement and suspense. A large bonfire will light the skies over the pep rally.

A parade, made up of floats from 16 college organizations, will begin the climaxing day.

Suspense will come to a head as Joplin Junior College Lions face the Highland Scotties in the big game that night. Organizations will get a chance to display their floats during halftime, before the crowning of Home-coming queen.

The final event of the evening will be the traditional home-coming dance, planned this year on a Grecian theme.

All alumni are invited to the game and dance. A registration desk will be set up at the football stadium and a section of seats reserved for graduates.

Joplin Junior College, Joplin, Missouri, September 13, 1963

No. 1

## New Teachers Look Over College Procedures

Joplin Junior College begins the fall term with eight new teachers.

### D. C. Bingman

David C. Bingman, teaching biology, received a Bachelor of Science degree and a Master of Science degree at Kansas State College of Pittsburg.

Although this is his first year of teaching, he has had experience serving as lab assistant in college. Bingman's interest in small rats and mice led him to capture 216 of these small mammals and write a thesis on them.

He finds Juco to have "a friendly atmosphere," and to be "a real challenge." The biological science instructor and his wife, Patsy Sue, have a five-year-old son, Davy Russ.

### David Hay

David K. Hay, government instructor, attended Parsons Junior College. He received a Bachelor of Science degree from Kansas State College at Pittsburg, and a master's degree from Kansas State University at Manhattan. He is a member of Phi Alpha Theta, Omicron Delta Epsilon, and N.D.E.A.

After looking over his first assignment, Hay remarked that the College "seems to be as good as any and better than most."

### Mrs. Hughes

Mrs. Julie Hughes, teaching history, has attended Fort Scott Junior College, the University of Texas, Colorado State College at Greeley, and Kansas State College of Pittsburg. She is a member of Phi Alpha Theta, Pi Alpha Kappa, and P.E.O.

Before coming to Joplin, Mrs. Hughes taught six years in River-ton.

She lives at Baxter Springs where her husband is superin-

tendent of schools. They have a son Bill, a high school senior, and a daughter, Mary, who works at St. John's Hospital.

Having graduated from Fort Scott Juco, Mrs. Hughes is happy to be returning to a junior college. "In fact," she says, "my first interest in history came from junior college."

### Duane Hunt

Duane L. Hunt, a new member of the English Department, graduated from Joplin Junior College before enrolling at Southwest Missouri State. He received a master's degree from the University of Arkansas.

In the spring of 1961, Hunt toured Germany and France for two months with an S.M.S. dramatic group presenting the musical, "Finian's Rainbow." The group, sponsored by the A.E.T.A.-U.S.O., gave 45 performances before United States personnel and the European Nationals.

The J.J.C. alumnus says he is "very glad to be back to Junior College."

### J. M. Junkins

J. Merrell Junkins, instructor of psychology, attended Joplin Junior College and Kansas State College of Pittsburg where he received a Bachelor of Science degree in elementary education, and a Master of Science degree in educational psychology.

Junkins has taught eight years on the elementary level, the last three of which he spent at Royal Heights.

Junkins and his wife, Imogene, have four children — Steve, Gail, Tommy, and Julie.

### Miss Stone

Miss Dorothy Stone, teaching accounting, received a Bachelor

of Science degree and a master's degree from the University of Missouri. She also attended the University of Chicago and Washington University.

Teaching in the College since 1939, Miss Stone is not actually new here. She taught 20 years in day school and is now returning from teaching three years in night school.

"I believe in junior college," says Miss Stone, "and I enjoy working in a junior college. I am looking forward to working with my friends of former years and new acquaintances on the faculty and in the student body."

### Arthur Strobel

Arthur L. Strobel, a new physics instructor, received a Bachelor of Science degree from Southwest Missouri State and his Master of Science degree from the University of Arkansas. He has also attended Kansas State Teachers College at Emporia, and last summer he studied at Oklahoma City University.

Strobel has taught two years at Jackson High, three years at Puxico High, four years at Leadwood High, and five years at Bonne Terre High.

Mr. and Mrs. Strobel have a son, Forrest, 7 years old, and a daughter, Barbara, 14.

### Mrs. Wiley

Mrs. Ruby A. Wiley accepted a position in the English department this week. She comes from Southwest Missouri State where she taught for 10 years. Previously, she was an instructor in Wasatch Academy at Wasatch Valley, Utah.

Mrs. Wiley is the mother-in-law of Russell Benzamin of the music department.

## Enrollment Hits All-Time High

An enrollment of 762 students for regular day classes and 252 in night sessions at the end of registration week set a new all-time record for Joplin Junior College. This is also a definite increase over last year's enrollment of 700 attending day classes the first semester.

A further anticipation of 20 to 30 more freshmen and sophomores registering this week for day classes and 50 more students enrolling for night classes, promises an even higher figure over the present total of 1,014 enrolled in both day and night sessions.

## Freshmen to Get Sophomore Advice For One Hour Today

During sixth period this afternoon, members of Phi Theta Kappa's "Big Brother - Big Sister" program will meet their charges for the first time. Each student advisor will counsel 20 students majoring in his or her particular field. These advisors will assist new students during their first weeks.

Sponsored by Phi Theta Kappa and the Summer Cabinet, the program is planned to help new students feel more at ease.

Members of the Summer Cabinet gave "Pep Talks" during registration and tried to show incoming freshmen the brighter side of college life. Mimeographed information sheets and maps of the school were handed out during the "Pep Talks."

At 10 o'clock the morning of September 18, Dean Robinson and several faculty members will present an assembly emphasizing the importance of a college degree.

## 1942 Graduate Honors Memory Of Miss Coffey

Richard E. Wardlow, a 1942 graduate of Joplin Junior College, has given a liberal arts scholarship in memory of the late Miss Ada Coffey. The scholarship covers fees, tuition, and books.

Wardlow has been an attorney in Charlotte, North Carolina, for the last 13 years. He served in the armed forces during World War II. Originally he lived in Jasper, Missouri.

While studying at Joplin Junior College, he played a clarinet in the band and orchestra and served as a reporter for The Chart. Wardlow went from here to the University of North Carolina, where he received a law degree.

A committee composed of Dr. Lloyd Dryer, Mrs. Grace Mitchell, and Duane Hunt selected John Koeneman for the award. He is a freshman from Mount Vernon.

Duane Hunt      David Bingman      Arthur Strobel  
David Hay      Miss Dorothy Stone      Mrs. Julie Hughes      Merrell Junkins

## Balance Yourself

It is indeed a pleasure to welcome the Freshman Class and all new students to Joplin Junior College. We are very much pleased that you have chosen our college as the place to begin your formal education.

The College offers many entertaining and cultural activities that are very important. They give one a chance to meet other students and to become better acquainted. They broaden interest in various subjects.

But the most important thing Juco offers a student is an opportunity to further his education. Here a student has the opportunity to increase his knowledge in a number of subjects. This knowledge will be necessary if he is to succeed in the future.

One can become so much involved with outside activities that he loses sight of his primary objective in attending college. The social aspect is oftentimes more inviting to the inexperienced than the academic. However, the sincere student can learn to achieve a balance between the two that will lead to a happy, well-adjusted college career. Although extracurricular activities are a part of college life, remember that academic progress comes first.

— G.H.

## Greenland and Iceland Attract The Arthur Boles As Health Resorts

"Greenland is not green," declare Mr. and Mrs. Arthur Boles who spent their vacation in Greenland and Iceland this summer. They had several unusual experiences to talk about upon returning to Joplin.

Their trip started on an exciting note. On coming over Greenland, they began to realize that something was amiss. Then their pilot came on the loud speaker and told them that they would have to fly back to Iceland for they had been traveling in the outskirts of a hurricane.

The next morning the storm had subsided and they began again in a smaller plane. "The pilot delighted in flying as close as he could to the sides of mountains," the art instructor reports. But, in spite of this, the second attempt to reach Greenland was successful.

polar bear, not even in a zoo," comments Mrs. Boles. "But Greenland isn't famous for its zoos or its prisons, since they have neither."

She tells a story of a Swedish diplomat who came to Greenland to see its prison system. The Greenland heads of state called all over the country looking for a prison and finally found one open in a small, obscure town.

They had one prisoner but he had gone to lunch and they didn't know when he would be back. The prison officials searched the township for him and finally found him in a small tavern. They told him that if he didn't come back to jail immediately, he couldn't live in it any more. The prisoner wasn't finished with his drink and wouldn't come so that was the last of prisons in Greenland.

The Boles tell another story of

### College Dean Wishes You a Successful Year

"It's a pleasure to welcome you to Joplin Junior College for the 1963-64 year. Now that registration is behind us, our year can really begin.

"I wish each of you a successful academic year and remind you that the Dean's office is available to help you in any way that we can."

Otis Robinson

### YWCA Plans Tea For Sunday Afternoon

The YWCA invites all College girls to attend a get-acquainted tea at 3 o'clock Sunday afternoon at the Y.W. residence, 504 Byers.

The first meeting of the club will be held Tuesday in room 210. Girls who are interested may join the organization at either the tea or the meeting.

an exciting experience. As Mrs. Boles was climbing up a mountainside, she heard a terrible scream coming from a small tent nearby. Just then an old man in war paint jumped out waving a cane at her. The native motioned for everyone to follow him down the mountainside. At the foot of the mountain he began a wild, erratic dance.

"It was frightening but interesting," says Mrs. Boles. "At the end of his dance he passed around a barrel and people put things in it as payment for his performance. All I had was a Danish roll, so I put that in his barrel. He seemed to be very pleased for he whooped and danced all around me waving his cane in the air."

"The Eskimos are poor but happy people," Mr. Boles concludes. "My wife and I really like Greenland."

The Junior College instructor explained that they went to these less traveled countries because they had met a friend at the Chicago Institute of Art in 1957 when Mr. Boles was having trouble with his back and the friend suggested that he go to Greenland to swim in the volcanic waters there.

"It did make me feel much better," he added. "And, if I had time to go back and spend several months, I feel I might never be sick another day in my life."

## Miss Ada Coffey Of First J.J.C. Faculty Succumbs

Miss Ada Coffey, instructor at Joplin Junior College for 26 years, died August 25 after an illness of four months.

Miss Coffey joined the English Department in 1938, the first year of the College. She taught until two weeks prior to the end of the 1963 school year, when she entered the hospital for surgery.

Miss Coffey was one of the two teachers honored in March, 1962, on a Silver Anniversary program. At the 1962 Commencement, she received a 25-year plaque for her services to the College.

She sponsored diverse organizations at J.J.C. In the early years, she was advisor for the yearbook, The Crossroads. She sponsored Beta Beta Beta social sorority and recently has sponsored the Student National Education Association. In 1958, members of that organization named the Joplin Junior College Chapter "the Ada Coffey Chapter."

Not only was Miss Coffey interested in student affairs but also in the teaching profession. She served as president of the Joplin Teachers Association and as president of the Department of Classroom Teachers of Missouri.

In 1945-46 Miss Coffey was president of the Joplin Branch of the American Association of University Women. She also served as president of the G.Q. Chapter of P.E.O. sisterhood.

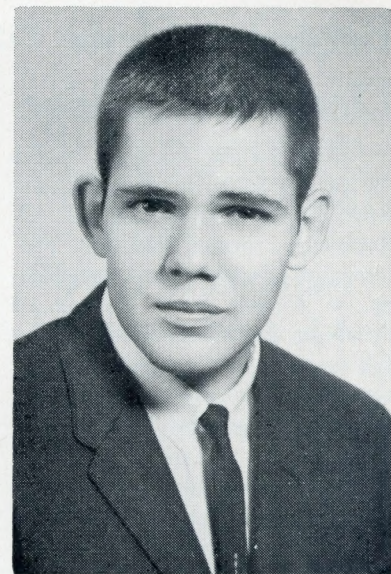

Miss Coffey attended Ozark Wesleyan College in Carthage for two years. She received Bachelor of Arts and Master of Arts degrees from the University of Kansas. She taught in Duenweg and in Newton County before coming to Joplin where she taught in a junior high and Senior High prior to the opening of Joplin Junior College.

Miss Coffey is survived by her mother, one brother, and two sisters.

Memorial services were conducted August 30 with interment in Forest Park Cemetery.

### J.J.C. Secretary Marries Neosho Man

Miss Neoma Lankford, J.J.C. secretary, was married on August 29 to Ernest Ray Moore of Neosho. They will live in that city, but Mrs. Moore will retain her position here.

### Senate President Says: 'This Is Your School'

"I hope that by now you are more or less organized and in control of yourself. Now that you are starting down the road to education, perhaps you wonder, 'Why did I come to Juco?'"

"I hope that you came to Juco because you really wanted to. Regardless of your motive for attending, you are here and Joplin Junior College is your school. We are all proud of Juco, and I sincerely hope that each of you will be proud also.

"Joplin Junior College is more than a building and a staff of instructors. Juco is a living thing, a feeling that passes through each one of us. Everyone here should have this feeling, that he is part of J.J.C."

"But remember: unless you invest something in Juco, you will never get much in return. Be active. Find a club or group with which you wish to associate. There is a group to satisfy the interest of virtually everyone, so find yours. Remember that Juco can be no more than you make it. Joplin Junior College is your school. Make it the best."

Sincerely,  
Myron McKinney

### Music Department Schedules Activities

On the music calendar for the semester are monthly recitals given by the music students. A fall concert will feature the Stage and Concert Bands. The Stage Band will also perform at the football games and pep assemblies.

Among those joining the J.J.C. Stage Band this fall are Mike Smith on baritone saxophone; David Clark, trumpet; Bill Snodgrass, string bass; Steve Garrison, guitar; and Bob Moskop, piano.

## Top Students Win Blaine Scholarships

The Blaine scholarships for the high-ranking girl and boy at the end of their freshman terms have been awarded to Mrs. Lula Margaret Butler and Robert James Holden. Both students are members of Phi Theta Kappa.

Mrs. Butler, an elementary education major, attended Marionville High School.

Bob, a music education major, attended Joplin Senior High, where he served as president of the Solo and Ensemble Club. He was also a member of the Diamond and Disc, a military organization for officers of the ROTC.

The Blaine awards are given annually in memory of Mr. H. E. Blaine, first Dean of the College.

## Governor Vetoes 4-Year College

House Bill No. 173 which would have permitted the establishment of a branch of the University of Missouri in Joplin with Junior College as a base was vetoed on July 31 by Governor John M. Dalton. The bill had passed through the various and complex stages of the House of Representatives and the Senate.

Area legislators and proponents voiced great disappointment upon learning of the Governor's veto and some began planning to introduce a similar bill in the next session.

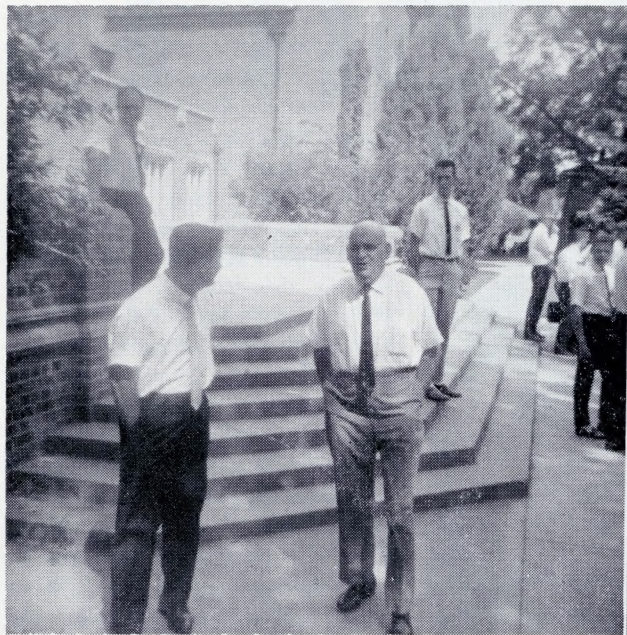

Representatives Warden and Robert Young along with Senator Webster promised continued efforts to secure passage of legislation which would bring the college to reality.

Carthage Chamber of Commerce recently appointed a committee on higher education to study possible further action toward establishing a four-year branch of the University of Missouri in Jasper County.

## Four From Joplin Go to National Band Clinic

Johnny Richards, head composer and arranger for Stan Kenton, stops at center left to talk with some of the 250 students who attended the National Stage Band Camp on the University of Denver campus, August 18-24. The three Joplin students who studied at the clinic pose at the Colorado line — Bob Holden, Herb Schade (standing) and Randy Graue (kneeling). Russell Benzamin accompanied them.

Students studied theory, arranging, composition, performing techniques, and improvisation, and then attended sectional rehearsals each day to improve their techniques.

In addition to Richards, the faculty included Neal Hefti, arranger for Count Basie; Johnny Smith, jazz guitarist, who won the Downbeat Jazz Critics' poll; Charlie Mariano, a top alto saxophone player with Kenton, who held the saxophone clinic which

Schade attended; and Phil Rizzo, composer from the Modern Music School of Cleveland and an authority on jazz.

Schade said: "We worked hard to say the least. Rise and shine time was at 6:30 with breakfast at 7 o'clock. The instructors were well qualified for their subjects and the Stan Kenton Band itself was fabulous. It was well worth the trip just to hear them."

Graue attended the clinic on a National Stage Band scholarship.

## Classes Will Elect Officials September 25

Class officers will be elected and senators nominated in class meetings September 25. On the following Friday, senators will be elected.

Each class will elect a president, vice-president, secretary-treasurer, and parliamentarian. Twenty-five senators will also be elected according to student representation of the classes.

The number of candidates for the Senate must double the number of senators as apportioned to the respective classes before nominations may close.

A person may nominate himself or as many other class members as he wishes for senatorial positions.

Nominations for class officers must be by nominating speech and should be followed by a brief acceptance speech.

## Want in the Swing of Things?

Seventeen organizations offer a wide variety of extra-curricular activities. For information about a group, a student should contact a sponsor, who may be located by the teachers' directory on second floor or by the schedule of classes. Most on the alphabetical list are open to everyone, but membership in a few is by invitation.

Beta Beta Beta, social sorority, Mrs. Lucille Pohnka, Mrs. Lillian Spangler.

The Chart, newspaper, Miss Cleetis Headlee, editorial advisor; C. E. Cowan, business.

Circle K, service organization for men, Tommy Holman, James Lovern.

College Players, dramatics group, Milton Brietzke, Duane Hunt.

The Crossroads, yearbook, Miss Venus Yount, Arthur Boles, Tommy Holman.

Collegiate Council of the United Nations, Tommy Holman.

Engineers Club, Miss Martha McCormick, Arthur Strobel.

Math Club, Miss McCormick, Paul Jensen.

## Spiva Film Series Will Begin Sept. 30

The Arts Activity Group of the Spiva Art Center will sponsor four foreign films this year. Opening night, September 30, will feature "Ugetsu," a Japanese production in which reality and hallucination are artistically blended, and "Japanese Calligraphy," a short.

"The Ladykillers" will be presented November 30.

Anyone interested in buying a season ticket should contact the Art Center. Tickets sell for \$4.

## Thespians Slate Popular Comedy

The Kaufman-Hart comedy, "You Can't Take It With You," will be the College Players fall production. Director Milton Britzke announces that tryouts for the Pulitzer Prize winning play will be held in the Little Theatre on Tuesday afternoon, October 1, from 1:30 to 4.

This play is about an eccentric but lovable family who have problems with everything from their daughter's love life to the Bureau of Internal Revenue.

There are 16 varied roles in the play, with seven parts for women and nine for men. This includes two Negro parts. The director says that roles are open to everyone, with no previous experience needed. He asks that anyone who cannot try out at the scheduled time see him. Scripts for the play are on reserve in the library but library rules must be adhered to when checking out copies.

## Former Student Returns As Secretary

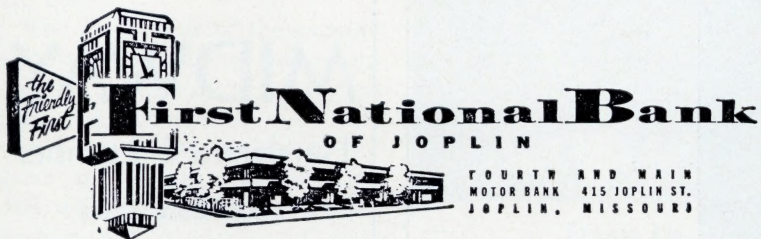

Miss Carol Swanson became secretary to Miss Margaret Mitchell, registrar, this summer. She fills the position occupied by Miss Kathy Black who moved to Arizona.

A 1962 graduate of Joplin Senior High, Miss Swanson attended J.J.C. for two semesters.

## The Lion's Advisor, A Column for Men

By the King of Beasts

As the King of Beasts, I wish to welcome all Freshmen Lions to our happy den of intellectual enlightenment. As a note of explanation, this column is written with the expressed intention of keeping your paw loose and fancy free throughout the year (Re: our last article on the evils of feline entrapment).

As you are thrust into the depths of the unknown, it is hoped that this column will serve as a sounding board for your questions on policy, both scholastic and social.

Most provocative and worthy letters signed by the writer will be printed. In case of duplication, the entry bearing the earliest postmark will appear. You may receive personal attention for pressing problems by contacting the King of Beasts at the cavelet at the top of the stairs (better known as The Chart office) where I shall be lurking throughout the academic year.

In order for us to boost already superb school spirit, it is necessary that we support those who have girded themselves to protect our honor on the battlefield. I speak of none other than the Juco Lions who have reached, beneath Coach Stegge's paw of guidance, a position mentally and physically sufficient to trap a conference crown.

Again we are open to letters both critical and complimentary, as well as problem packed. Welcome, Cubs. And congratulations, returning Lions.

Viva la Lion!

**PENNEY'S**  
ALWAYS FIRST QUALITY!

Checking over gear for the start of football practice are three eager Lion gridders as they prepare for the new season. Pictured are freshman Bruce Cortez and sophomores Mac Hornecker and Aaron Lowe. Joplin will travel to Independence, Kansas, September 19, for a battle with the Kansans.

## J.J.C. Football Season Opens With 12 Returning Lettermen

Aside from sore muscles, tricky weather, and injuries acquired during pre-season drills, football season is finally here for J.J.C. All Lion fans, young and old, can take their winter woolens out of moth balls and plastic bags to prepare for the cool crispy evenings at the football stadium.

The Joplin Junior College Lions consist of an enthusiastic squad of 37 promising gridders. Coach Dudley Stegge is pleased as well as impressed with the good showing that the fervid Lions have given.

Most impressive among the new crop of players is Pete Jennings, a swift fullback from St. Louis, and Franklin Falks, a

guard from Tampa, Florida.

Twelve lettermen have returned to protect their positions from last season. Mac Hornecker and Roger Marquardt, both from Nevada, are seeking their old spots at end. Melvin Bachman, Middletown, Wisconsin, and Mike Vowells, Seneca, are competing for the positions at halfback.

Five tackles have returned for action. They are Don Faucett, Carthage; Paul Fox, Carterville; Aaron Lowe, Cassville; Tom Halbrook, Salem; and Tom Smith, Salem. Lowe, who has been sidelined with rib injuries, and Halbrook started for the Lions most of last season.

Myron McKinney, Bolivar, is returning at center. Gary King, fullback from Webb City, and Quinton Hirsch, guard from Seneca, round out the list of lettermen.

Other members of the team include: (Halfbacks) Tony Cano from El Paso, Texas; Frank Kennedy from St. Paul, Kansas; Danny Wilson from Pleasant Hill; and Wayne Poindexter from Carthage. (Fullbacks) John Fields from Noel; Don Lollar from Greenfield; and Dave Nichols from Carthage. (Quarterbacks) Bruce Cortez from Carthage; Dean Havens from Joplin; and Lewis Kirby from Carthage.

## Lions Tie Bombers in First Game

Joplin Junior College gridmen were held to a scoreless tie by Fairbury, Nebraska, in the season opener, Saturday night, at Junge Stadium.

The Lions were off to a slow start, showing only on defense. However, during the third period, Joplin mustered the closest scoring drive of the game. Fairbury quarterback Mark Ward punted the ball straight into the air on his own 24-yard line and the Lions took over. Joplin fullback Gary King pushed to the 21-yard line. Halfback Mel Bachman ran the ball to the 8 for a first down. Quarterback Dean Havens handed off again to Bachman, who carried to the 5. King scampered to the 2-yard line. On the third down, Bachman squeezed to the one foot line. With a fourth down situation Bachman thrust ahead, but the Bomber defense stifled the attempt, inches away from the goal.

Fairbury took over and ran the ball 28 yards in 14 plays before the attempt was thwarted. Ward led the Nebraskans drive with 26 yards.

The Lions threatened twice again. Havens took a punt on the 5-yard line, faked a hand-off to Bruce Cortez and ran to the Bomber 36, where the ball was fumbled. The second attempt came with minutes left in the game. Bachman carried the ball 11 yards to the 38. Two plays

(Ends) Jerry and Jack Burke from Joplin; Ron and Don Mosbaugh from Noel; and Jim Percy from Joplin. (Guards) Jack Divine from Webb City; and Bob Henson from Joplin. (Tackles) Dan Woolever from Joplin; Bill McElfrish from Salem; and Calvin Baker from Galena, Kansas. (Center) Rick Baird from Carthage; and Randy Strassberg from Joplin.

With two contests out of the way, the Lions have only four remaining games at home.

later, the ball moved to the 15. Cortez replaced Havens at quarterback to pass, but time ran out ending the game and the hopes.

The Lions played Marshall College last night.

## Players to Entertain Freshmen Sept. 24

The College Players will hold their annual reception at 8 o'clock Tuesday night, September 24, in the Little Theatre.

Milton Brietzke and Duane Hunt, sponsors, said that anyone interested in joining the group should try to attend. Current members will provide refreshments and entertainment.

## Lion Gridders Gain Three New Rivals; Lose Fort Scott, Kansas

Three new rivals — William Jewell, Haskell Indian Institute, and Missouri Valley of Marshall —and one former opponent, Oklahoma Military Academy of Claremore, have been added to the Lion roster.

Fort Scott, last year's Interstate Conference champions, has dropped from the conference making the Lions top contender for the league crown.

The remaining battles scheduled for the Lions include:

Sept. 19—Independence, Kansas, there

Sept. 27—Wentworth Military Academy at Lexington

Oct. 3 — Highland, Kansas, here (Home-coming)

Oct. 10—OMA of Claremore, here

Oct. 18 — Haskell Institute, there

Oct. 24—William Jewell, here

Oct. 31—Parsons, Kansas, here
